Graduation 2010

Scooter,

What a privilege it has been, for your mother and I. Our time contributing to your character and beliefs is just about passed - if it hasn't already. Here, as a parting gift, are the most important things I have ever learned. May you profit by them in years to come.

With love, for ever, and ever --- Dad

"Better a bad decision today than a good one three weeks late." ---James T. Lee

No one is richer than the person who spends less than they make.

"Make all [the mistakes] you can. Because, remember that's where you'll find success. On the far side." ---Thomas J. Watson

"If we don't look out for each other, we're no better than coyotes." --- Lawrence Gonzales

"With courage comes the ability to act, and the chance - the main chance, the only chance - for happiness." --- R. O. Blechman

Either you control the money, or the money will control you.

"I will pay more for the ability to deal with people before any other ability under the sun." --- John D. Rockefeller
Railroads built this country, and steel built the railroads.

"Love your enemies for they will tell you your faults." --- Franklin

Money is to spend on your friends.

"Grant O Lord, that in all the joys of life we will never forget to be kind." ---SPS Evensong prayer
To sing is to stand next to god.

Keep singing, daughter!

Graduation 2010

The Stentor celebrates the Senior 25
